EXPERIENCE

Summit Public Schools, Redwood City, CA – http://www.summitlearning.org 2015 – 2018
Summit Learning Program Mentor (Director of Data)
- Oversaw the implementation of the Summit Learning Program in a portfolio of 14 district and charter schools in Texas, where an average of 72% of students were low-income and 25% were English learners
- Coached school leaders on implementation of the project-based personalized learning model and change management on campus, impacting 175 teachers and over 3,300 students
- 86% of students ended the school year on track, and 90% of teachers agreed that Summit Learning was having a positive impact on their students

Director of Data Operations
- Managed team of 6 (3 managers, 3 specialists) to setup and operate numerous student data systems and provide data, reporting, scheduling, and operational support to 11 Summit schools
- Developed and implemented a sprint system to coordinate the dozens of team projects happening at once
- Selected to the Broad Residency Class of 2016-18 – one of 54 chosen out of an applicant pool of 1,800
